Ringkasan Eksekutif

Executive
Summary

Program dan layanan dibidang Kesehatan merupakan program utama di tahun 2020 sebagai upaya pencegahan wabah virus Covid-19 yang terjadi sepanjang tahun bahkan hingga pertengahan Januari 2021 ini belum menunjukkan sinyal membaik. Divisi Kesehatan melalui LKC, Jaringan Rumah Sakit DD, dan juga DMC menjadi koordinator bagi seluruh elemen DD dalam melakukan pelayanan Covid-19, seperti Mobile Rapid Test, penyemprotan desinfektan, penyebaran bilik sterilisasi (disinfectant chamber), distribusi Alat Pelindung Diri (APD), hingga Edukasi Perilaku Hidup Bersih dan Sehat. Tidak kurang dari 22,7 miliar rupiah dana kebaikan yang sudah tersalurkan khusus untuk penanganan Covid-19 hingga pertengahan Desember 2020.

Rumah Sakit Container (RS Container) dan pengadaan ventilator yang terwujud dari Wakaf Movement merupakan salah satu inovasi fasilitas kesehatan yang digagas DD dalam mempercepat dan mengembangkan pelayanan kasus pandemi. Total nilai wakaf sejumlah 1,3 miliar rupiah berhasil diterima DD sebagai upaya perwujudan kedua fasilitas kesehatan tersebut. RS Container saat ini berada di dua rumah sakit, yaitu RS Kartika Pulomas Jakarta dan Rumah Sehat Terpadu Parung Bogor. Sementara untuk ventilator, tidak kurang dari 10 rumah sakit telah mendapat bantuan ventilator baik dari wakaf ataupun Kerjasama pengadaan dengan instansi lainnya.

Programs and services in the field of Health are the leading programs in 2020 as an effort to prevent the Covid-19 virus outbreak that occurs throughout the year, even until mid-January 2021, has not shown an improved situation. Health Division through LKC, DD Hospital Network, and DMC became the contributor for all elements of DD in performing Covid-19 services, such as Mobile Rapid Test, disinfectant spraying, dissemination of disinfectant chamber installation, personal protective equipment (PPE) distribution, to Clean and Healthy Living Behaviour Education. No less than 22.7 billion rupiah of good funds have been explicitly distributed to handle Covid-19 until mid-December 2020.

Container Hospital (RS Container) and the procurement of ventilators realized from the Waqf Movement is one of the innovations of health facilities initiated by DD in accelerating and developing pandemic case services. DD successfully received the total waqf value of 1.3 billion rupiahs as an attempt to realize both health facilities. Container Hospital is currently located in two hospitals, Kartika Pulomas Hospital Jakarta and Parung Bogor Integrated Health House. As for ventilators, no less than ten hospitals have received ventilator assistance either from waqf or procurement cooperation with other agencies

Selain layanan khusus Covid-19, program rutin lainnya juga terus berjalan. Beberapa inovasi dan penyesuaian terhadap protokol Kesehatan dilakukan demi keberlangsungan program untuk terus membantu kaum dhuafa dapat terus terlaksana. Kegiatan dan layanan yang seyogyanya dilaksanakan secara tatap muka langsung, beberapa dirubah menjadi melalui daring, seperti dakwah dan kajian online, pelatihan dan pendidikan, serta webinar. Sementara layanan lain yang tidak bisa dialihkan tanpa tatap muka langsung tetap dilaksanakan dengan menerapkan protokol kesehatan ketat yang terus diawasi pelaksanaannya.

Masa pandemi yang dirasakan dampaknya bagi hampir seluruh kalangan masyarakat membuat semangat orang-orang baik untuk saling membantu semakin tinggi. Terbukti dengan penghimpunan dana kebaikan yang mencapai 370 miliar rupiah, mengindikasikan bahwa semangat kebersamaan untuk melalui keadaan ini terus mengalir baik melalui doa ataupun bantuan materi.

In addition to Covid-19 special services, other routine programs are also remained running. Several innovations and adjustments to the health protocol are carried out for the continuity of the program to continue to help the poor continue to be carried out. Activities and services that are supposed to be carried out face-to-face are transformed into online, such as da'wah and online studies, training and education, and webinars. Meanwhile, other services that cannot be diverted without face-to-face situation are still executed by implementing strict health protocols that is continually supervised.

The pandemic period that its impact is felt by almost all circles of society has made the spirit of good people to help each other go higher. It is proven by good funds fundraising that reached 370 billion rupiahs, indicating that the spirit of togetherness to go through this situation continues to flow either through prayer or material assistance.

Sambutan Ketua Yayasan

Message From The Chairman

Assalamu'alaikum warohmatullohiwabarokatuh,

Bersyukur kepada Allah SWT atas segala yang telah dicurahkan dan diberikan kepada kita dengan mengucapkan Alhamdulillah rabbil 'alamin. Sesungguhnya Allah lah yang menurunkan penyakit, Allah pula yang akan menyembuhkan. Bershalawat serta memberikan salam tak lupa kita haturkan kepada Baginda Rasulullah SAW dengan mengucap Allahumma sholli 'ala Muhammad.

Tahun 2020 merupakan tahun yang penuh perjuangan serta ujian. Makhluq kecil tak kasat mata yang juga ciptaan Allah, siapa yang menyangka dapat memberikan efek yang begitu besar pada tatanan kehidupan dunia. Covid-19 yang berlangsung di Indonesia sejak awal Maret hingga saat ini seakan menjadi suatu pengingat bahwa siapa kita, darimana kita, dan kemana tujuan akhir yang ingin kita capai.

Berbekal keyakinan pada kekuatan usaha dan perlindungan dari Allah, kami insyaAllah akan terus konsisten bersinergi dengan seluruh elemen perjuangan di negeri ini untuk melawan dan memutuskan rantai penyebaran wabah ini. Tak hanya berfokus pada pelayanan kesehatan, terobosan kami melalui program bantuan sosial, program ketahanan pangan, hingga pemberdayaan usaha mikro kami harap dapat secara bertahap membantu memulihkan kondisi sosial-perekonomian para penyintas guncangan perekonomian global.

Intervensi Covid-19 sudah tentu menciptakan suatu standar baru (*new normal*) yang harus segera diadaptasi. Dengan inovasi yang kami lakukan dengan merubah strategi penghimpunan dana secara digital dan online, terbukti tidak menurunkan niatan para orang baik dalam bekerjasama memberikan donasi.

Melalui publikasi ini, kami bermaksud untuk memberikan penghargaan kepada para donatur (baik individu, komunitas, serta korporasi), mitra kerja, para mustahik, dan semua pihak yang terus mendukung program-program Dompot Dhuafa. Tentunya perjuangan belum selesai, masih banyak saudara kita diluar sana yang membutuhkan uluran bantuan. Mari terus bersama-sama kita #CEKAL CORONA melalui #KebaikanZakat #KebaikanWakaf.

Wassalamu'alaikum warohmatullohi wabarokatuh

Assalamu'alaikum warohmatullohiwabarokatuh,

Thank God for all that has been poured out and given to us by saying Al-Hamdu Lillahi Rabbil-'Alamin. God Almighty is the one who has brought down the disease, and God himself will heal. Salawat and greetings praised to His Majesty the Prophet (Peace Be Upon Him) by saying Allāhumma alli alā Mu ammad.

The year 2020 has been a year full of struggle and testing. A tiny invisible organism, also a creation of God, never thought it would have greatly affected the order of world life. Covid-19 in Indonesia from the beginning of March seems to be a reminder of who we are, where we come from, and the ultimate goal we want to achieve.

Provided with confidence in the power of effort and protection from The God Almighty, we, InsyaAllah, are willing to consistently continue hand in hand with all the elements in this country to fight and break the chain of the spread of this plague. Not only focusing on health services, our breakthrough through social assistance programs, food security programs, and micro-business empowerment, we hope to gradually help restore the socio-economic conditions of survivors of global economic shocks.

The covid-19 intervention has unquestionably created a new standard (new normal) that must be adopted immediately. With the innovation that we've done, such as changing the fundraising strategy to digital and online, it is proven not to reduce the intention of good people in making donations.

We intend to reward donors (individuals, communities, and corporations), partners, mustahiq, and all those who continue to support Dompot Dhuafa programs through this publication. Of course, the struggling is not yet over. There are still many of our brothers out there who need a helping hand. Let us together continue #CEKAL CORONA through #KebaikanZakat #KebaikanWakaf.

Wassalamu'alaikum warohmatullohi wabarokatuh

Tebar Hewan Kurban Qurban Distribution

Sejak tahun 1994 program Tebar 999 Hewan Kurban telah bergulir dan berganti nama menjadi Tebar Hewan Kurban (THK) di tahun 1998. Pelaksanaan THK tahun ini menerapkan metode yang baru di Dompot Dhuafa, mekanisme pengadaan hewan ternak dengan berbasis investasi pihak ketiga dalam bentuk bagi hasil sesuai Syariah. Menjadi terobosan dalam tata kelola keuangan, sehingga lebih efisien dari periode sebelumnya.

Since 1994 the 999 Tebar Hewan Kurban (Qurban Animal Distribution) program has been rolling and was renamed Qurban Animals Distribution (THK) in 1998. The implementation of THK this year applies a new method in Dompot Dhuafa, a mechanism for procuring livestock based on third-party investment in the form of sharia-compliant revenue sharing. To be a breakthrough in financial governance, making it more efficient than the previous period
